EZQuest Pro Audio/Video FW400

EZQuest's Pro Audio/Video Firewire 400 hard drives are optimized for Audio/Video editing. Pro Audio/Video drives have several advantages over the competition, including digital Audio/Video Tuner software, which allows you to change your packet size of your data in order to have more stable data transfer over your bus.

Pro Audio/Video drives have new improved ball bearing fans for quieter, low dB and low temperature that equals to better performance, larger 16MB buffer drives, and also come with a 2 year warranty and 48 hours service turn around. Pro Audio/Video hard drives are perfect for Audio/Video editing, backup, and transferring large amounts of data.

* Tests performed using appropriate adapter and latest in processor technology
