EZQuest 2 Port FireWire 800 /1394B PC Express Card/34

The EZQuest 2 Port FireWire 800/1394B PC Express Card/34 uses the new Express Card slot on your notebook computer replaces the CardBus PC Card slot. It enables you to take advantage of the high-speed performance offered by the new PCI Express technology. The ExpressCard/34 module (34 mm wide) can fit into either a Universal or 34 mm Express Card slot. If an ExpressCard/34 module is inserted into a Universal slot, the internal guidance feature gently directs the module over to engage the connectors. Ideal connection for high performance external CD/DVD writers, hard disk drives, RAID storage enclosures, and etc.
